INDEPENDENT AUDITOR'S REPORT

To the County Commissioners
County of Elk, Pennsylvania
Ridgway, Pennsylvania

Adverse, Qualified, and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of Elk, Pennsylvania, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County of Elk, Pennsylvania's basic primary government financial statements as listed in the table of contents.

Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter described in the Basis for Adverse, Qualified, and Unmodified Opinions section of our report, the primary government financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the County of Elk, Pennsylvania, as of December 31, 2022, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Qualified Opinion on Aggregate Remaining Fund Information

In our opinion, except for the matter described in the Basis for Adverse, Qualified, and Unmodified Opinions section of our report, the primary government financial statements referred to above present fairly, in all material respects, the financial position of the aggregate remaining fund information for the primary government of the County of Elk, Pennsylvania, as of December 31, 2022, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Qualified Opinion on Governmental Activities

In our opinion, except for the matters described in the Basis for Adverse, Qualified, and Unmodified Opinions section of our report, the primary government financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities for the primary government of the County of Elk, Pennsylvania, as of December 31, 2022, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinion on Each Major Fund

In our opinion, the primary government financial statements referred to above present fairly, in all material respects, the financial position of each major fund for the primary government of the County of Elk, Pennsylvania, as of December 31, 2022, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Adverse, Qualified, and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County of Elk, Pennsylvania and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse, qualified, and unmodified opinions.

Matters Giving Rise to Adverse Opinion on the Aggregate Discretely Presented Component Units and Qualified Opinion on the Aggregate Remaining Fund Information

The financial statements do not include financial data for the County of Elk, Pennsylvania's legally separate component units. Accounting principles generally accepted in the United States of America require financial data for those component units to be reported with the financial data of the County's primary government unless the County of Elk, Pennsylvania also issues financial statements for the financial reporting entity that include the financial data for its component units. The County of Elk, Pennsylvania has not issued such reporting entity financial statements. The effects of not including the County of Elk, Pennsylvania's legally separate component units on the aggregate discretely presented component units and the aggregate remaining fund information have not been determined.

Matter Giving Rise to the Qualified Opinion on the Governmental Activities

As described in Note 2, buildings and improvements and equipment acquired prior to January 1, 2003, are stated at appraisal value in the governmental activities. In addition, the governmental activities do not include land, landscaping, electronic data processing equipment and software, fine art and museum items, radio communications equipment, and vehicles acquired prior to January 1, 2003. Accounting principles generally accepted in the United States of America require that capital assets be stated at acquisition cost and depreciated. The amount by which these departures would affect the assets, net position, and expenses of the governmental activities has not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the primary government financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of primary government financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the primary government financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Elk, Pennsylvania's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the primary government financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the primary government financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the primary government financial statements whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the primary government financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County of Elk, Pennsylvania's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the primary government financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Elk, Pennsylvania's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the pension and budgetary comparison information on pages 38-43 be presented to supplement the basic primary government financial statements. Such information is the responsibility of management and, although not a part of the basic primary government financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic primary government financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our

inquiries, the basic primary government financial statements, and other knowledge we obtained during our audit of the basic primary government financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic primary government financial statements. Such missing information, although not a part of the basic primary government financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic primary government financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic primary government financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the primary government financial statements that collectively comprise the County of Elk, Pennsylvania's basic primary government financial statements. The accompanying combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic primary government financial statements. The schedule of expenditures of federal awards and Pennsylvania Department of Human Services schedule of DHS expenditures are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Pennsylvania Department of Human Services Single Audit Supplement, and are also not a required part of the basic primary government financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic primary government financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic primary government financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic primary government financial statements or to the basic primary government financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, the schedule of expenditures of federal awards, and Pennsylvania Department of Human Services schedule of DHS expenditures are fairly stated, in all material respects, in relation to the basic primary government financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 29, 2024, on our consideration of the County of Elk, Pennsylvania's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Elk, Pennsylvania's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Elk, Pennsylvania's internal control over financial reporting and compliance.

COUNTY OF ELK, PENNSYLVANIA

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 1 – Reporting Entity

The County of Elk, a political subdivision of the Commonwealth of Pennsylvania, was established on April 18, 1843. The County is governed by a board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditors, Coroner, District Attorney, District Justices, Judge, Prothonotary and Clerk of Courts, Register of Wills and Recorder of Deeds, Sheriff, and Treasurer. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County.

Consistent with the guidance contained in GASB Statement No. 14, *The Financial Reporting Entity*, the criteria used by the County to evaluate the possible inclusion of related entities (Authorities, Boards, Councils, etc.) within its reporting entity, are financial accountability and the nature and significance of the relationship. In determining financial accountability in a given case, the County reviews the applicability of the following criteria:

The County is financially accountable for:

- (a) Organizations that make up the legal County entity.
- (b) Legally separate organizations if County officials appoint a voting majority of the organization's governing body and the County is able to impose its will on the organization or if there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County as defined below:

Impose its Will - If the County can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization.

Financial Benefit or Burden - Exists if the County:

- (1) is entitled to the organization's resources, or
 - (2) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide support to, the organization, or
 - (3) is obligated in some manner for the debt of the organization.
- (c) Organizations that are fiscally dependent on the County. Fiscal dependency is established if the organization is unable to adopt its budget, levy taxes or set rates or charges, or issue bonded debt without approval by the County.

Note 1 – Reporting Entity (Continued)

The financial statements include only the primary government of the County of Elk, Pennsylvania, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The primary government financial statements do not include financial data for the County's legally separate component units or joint ventures/jointly governed organizations. However, based on the foregoing criteria, the organizations listed below have been identified as component units which would otherwise be included in the County's financial reporting entity, or as joint ventures/jointly governed organizations for which disclosure of pertinent financial information is required in accordance with generally accepted accounting principles:

Includible Component Units

Elk County Industrial Development Authority
Elk County Conservation District
Elk County Redevelopment Authority

Joint Ventures/Jointly Governed Organizations

Cameron-Elk Mental Health/Mental Retardation
North Central Pennsylvania Regional Planning and Development Commission
Area Transportation Authority
Northern Tier Community Action
North Central Office of Human Services
Headwaters Resource Conservation and Development Council

Related Organizations

The County Commissioners are responsible for appointing the board members of and /or have made financial allocations to several organizations but the County's accountability for these organizations does not extend beyond making appointments and/or their financial relationship to the County is not significant. These organizations include:

CDBG Planning Committee
Elk County Agriculture Extension Services
Elk County Solid Waste Authority
Elk County Housing Authority
Alcohol and Drug Services
Solid Waste Advisory Committee
St. Marys Area Airport Authority
Elk County Fair Board

Note 2 – Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units except for capital assets and legally separate component units (see E. and N. below). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Significant accounting policies of the County are described below.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of net position presents the financial position of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include fees and charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County. There are no business-type activities to be reported in the accompanying government-wide financial statements.

Fund Financial Statements

The County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary, and fiduciary funds. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. A fund is considered major if it is the primary operating fund of the County or meets the following criteria: total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The County reports the difference between its governmental fund assets and deferred outflows of resources and its liabilities and deferred inflows of resources as fund balance. The following are the County's major governmental funds:

General Fund

The General Fund is the primary operating fund of the County. This fund is used to account for all financial resources except those required to be accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund.

Children and Youth Programs Fund

The Children and Youth Programs Fund accounts for federal, state, and county funds used to administer the County's Children and Youth Programs. The purpose of these programs is to protect and care for children who have been abused, neglected, exploited, abandoned, adjudicated delinquent, or are without proper parental supervision.

Gas Well Impact Fee Fund

The Gas Well Impact Fee Fund accounts for unconventional gas well fees, also known as impact fees, distributed to the County by the Commonwealth of Pennsylvania. The fees are utilized by the County for projects authorized under the provisions of Commonwealth of Pennsylvania Act 13 of 2012.

COVID-ARPA Grant

The COVID-ARPA Grant (The American Rescue Plan Act of 2021) was used to support COVID-19 response efforts, replace lost public sector revenue, support economic stabilization for households and businesses, and address systemic public health and economic challenges.

ERAP Grant

The Emergency Rental Assistance Program (ERAP) makes funding available to administer assistance to renters, landlords, and utility providers who have been affected by the COVID-19 pandemic and economic insecurity.

Opioid Settlement Fund

The Opioid Settle Fund receives funds as part of a class action opioid settlement with the Commonwealth of Pennsylvania to be used for various opioid remediation activities.

Note 2 – Summary of Significant Accounting Policies (Continued)

B. Fund Accounting (Continued)

Governmental Funds (Continued)

The other governmental funds of the County account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes and financial resources that are restricted to expenditures for principal and interest and for capital outlays including the acquisition or construction of capital facilities and other capital assets.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. None of the funds maintained by the County are classified as proprietary funds.

Agency Funds

Agency Funds are custodial in nature with assets and liabilities being equal and do not involve measurement of results of operation.

Fiduciary Funds

Fiduciary funds are used to account for resources held by the County in a trust or custodial capacity for individuals, private organizations, or other governments. Fiduciary funds are not included in the government-wide financial statements.

Pension Trust Fund

The Pension Trust Fund accounts for the revenues received, expenses incurred, and the net position of the County's pension plan.

C. Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the County are included on the statement of net position and the statement of activities present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

The governmental fund financial statements are prepared using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The County considers revenues to be available when they are collected within 60 days of the end of the year. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures are recorded only when payment is due. Fiduciary fund financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, except for the recognition of certain liabilities of defined benefit pension plans. Plan liabilities are recognized in the Pension Trust Fund for benefits and refunds to plan members and beneficiaries when due and payable in accordance with the terms of the plan.

D. Taxes Receivable and Uncollectible Taxes

Taxes receivable are reported net of an allowance for uncollectible taxes of \$892,783. The County considers all taxes assessed and not received within one year to be uncollectible.

E. Capital Assets

Capital assets are reported in the government-wide financial statements. Capital assets are defined by the County as assets with a cost of \$5,000 or more and an estimated useful life in excess of one year. Buildings and improvements and equipment acquired prior to January 1, 2003, are stated at appraisal value in the governmental activities. In addition, the governmental activities do not include land, landscaping, electronic data processing equipment and software, fine art and museum items, radio communications equipment, and vehicles acquired prior to January 1, 2003. Assets acquired after December 31, 2002 are recorded at historical cost. Additions, improvements, and other capital outlays that extend the useful life of an asset are capitalized while maintenance and repairs, which do not improve or extend the life of the respective assets, are charged to expense. Depreciation is provided on the straight-line basis over the following estimated useful lives:

<u>Classification</u>	<u>Range of Lives</u>
Buildings and improvements	10 – 40 years
Equipment and software	3 – 10 years
Infrastructure	5 – 40 years

F. Interfund Activity

Interfund activity is the flow of resources between the funds of the primary government and includes loans, transfers, services provided and used, and reimbursements. Loans are amounts provided between funds with a requirement for repayment and are reported as due from other funds and due to other funds on the fund financial statements. Due from other funds and due to other funds are eliminated on the government-wide statement of net position. Transfers are flows of resources between funds without requirement for repayment and are reported as transfers in and transfers out on the fund financial statements. Transfers in and transfers out are eliminated on the government-wide statement of activities. Services provided and used are sales and purchases of goods and services between funds and are reported as revenues and expenditures or expenses in the funds. Reimbursements are repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

G. Deferred Outflows/Inflows of Resources

The government-wide statement of net position and governmental funds balance sheet includes a separate section for deferred outflows of resources, when applicable. This separate financial statement element represents a consumption of net position or net assets that apply to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County had one item of deferred outflows of resources to report in its government-wide statement of net position, *deferred outflows related to pensions*. The deferred amount for pensions relates to certain differences between projected and actual earnings on plan investments. The County did not have deferred outflows of resources to report in its governmental funds balance sheet for the current year. The government-wide statement of net position and governmental funds balance sheet includes a separate section for deferred inflows of resources, when applicable. This separate financial statement element represents an acquisition of net position or net assets that apply to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County had two items that qualify for reporting in this category; *deferred inflows related to pensions*, which is reported in the government-wide statement of net position, and *unavailable revenue*, which is reported in the governmental funds balance sheet. The deferred amount for pensions relate to certain differences between expected and actual experience. The amounts for unavailable revenue, which arise only under the modified accrual basis of accounting, are deferred and recognized as an inflow of resources in the period that the amounts become available.

H. Net Position

In the government-wide financial statements, net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of the cost of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted. The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

I. Fund Balances

In the governmental fund financial statements, fund balances represent the difference between the current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources. Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those resources can be spent. Fund balances are classified as follows:

Nonspendable

Fund balances are reported as nonspendable when amounts cannot be spent either because they are not in spendable form (items that are not expected to be converted to cash) or because they are legally or contractually required to be maintained intact.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

I. Fund Balances (Continued)

Restricted

Fund balances are reported as restricted when there are limitations imposed on their use whether through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Committed

Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of County Commissioners through the adoption of a formal resolution or ordinance. Only the Board of County Commissioners may modify or rescind the commitment.

Assigned

Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes but are neither restricted nor committed.

Unassigned

Fund balances are reported as unassigned when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, followed by committed, assigned, and unassigned amounts, respectively.

J. Compensated Absences

The County provides vacation and sick leave to its employees. Unused vacation leave may be carried forward one year. Upon termination of employment, all vacation time an employee has earned, including the prorated portion of the current year's allowance, will be paid to the employee. Unused sick leave is carried forward one year for use only if an employee has exhausted the short-term disability insurance benefits from the County. All compensated absences are accrued when incurred in the government-wide and fund financial statements. There were no liabilities for compensated absences at December 31, 2022.

K. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

L. Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are recorded net of the applicable bond premium or discount. In the governmental fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Pension

The County offers a defined benefit pension plan to its employees. The County records a net pension liability for the difference between the total pension liability calculated by the actuary and the pension plan's fiduciary net position. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the pension plan and additions to/deductions from the pension plan's fiduciary net position have been determined on the same basis as they are reported by the pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Legally Separate Component Units

The financial statements do not include financial data for the County's legally separate component units. Accounting principles generally accepted in the United States of America require financial data for those component units to be reported with the financial data of the County's primary government unless the County also issues financial statements for the financial reporting entity that include the financial data for its component units. The County has not issued such reporting entity financial statements.

Note 3 – Cash Deposits and Investments

Commonwealth of Pennsylvania statutes provide for the investment of moneys of governmental and proprietary funds into certain authorized investment types, including United States Treasury bills, short-term obligations of the United States Government or its agencies or instrumentalities, obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, obligations of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, obligations of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision, and insured or collateralized time deposits and certificates of deposit. The statutes do not prescribe regulations related to demand deposits; however, they do allow the pooling of governmental funds for investment purposes. In addition to the investments authorized for governmental and proprietary funds, investments of the Pension Trust Fund may also be made in corporate stocks and bonds, real estate and other investments consistent with sound business practice.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 3 – Cash Deposits and Investments (Continued)

The deposit and investment policy of the County adheres to the Commonwealth statutes and prudent business practice. There were no deposit or investment transactions during the year that were in violation of either the Commonwealth statutes or the policy of the County.

Cash Deposits

Cash deposits are categorized to give an indication of the level of custodial credit risk assumed by the County at December 31, 2022. Category 1 includes cash deposits which are insured by the Federal Deposit Insurance Corporation or collateralized with securities held by the County or by its agent in the County's name. Category 2 includes cash deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the County's name. Category 3 includes cash deposits which are uninsured and uncollateralized, or were collateralized in accordance with Act 72, a Commonwealth statute which permits the financial institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

At December 31, 2022, the carrying amount of the County's cash deposits with financial institutions was \$16,887,095 and the financial institutions balances totaled \$17,477,481. Additionally, cash deposits of \$991,470 were held in the County's Pension Trust Fund. The County's total financial institutions balances were \$15,037,624, which is categorized as follows:

Category 1	\$ 1,066,989
Category 3	<u>17,401,962</u>
Total Cash Deposits	<u>\$ 18,468,951</u>

Investments

The investments of the Pension Trust Fund are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County does not have a written investment policy on credit risk. Disclosure of credit quality ratings are not required for U.S. government obligations. At December 31, 2022, the credit quality ratings of the Pension Trust Fund's debt securities are as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Organization</u>
US Government Agency Obligations:			
Federal Agriculture Mortgage Corporation	\$ 43,604	AA+	S & P
Federal Farm Credit Banks	1,622,668	AA+	S & P

Note 3 – Cash Deposits and Investments (Continued)

Investments (Continued)

Custodial credit risk is the risk that, in the event of a failure of the counterparty, securities that are uninsured and not registered in the name of the County and are held by either the counterparty to the transaction or the counterparty's trust department or agent but not in the government's name will not be returned to the County. The County does not have a written investment policy on custodial credit risk. However, all of the County's investments are either insured or registered in the County's name and held by the County's agent.

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The County does not have a written investment policy on concentration of credit risk. Disclosure of concentration of credit risk is not required for investments in U.S. government obligations and mutual funds. More than 5% of the County's investments are in Federal Farm Credit Banks, Federal National Mortgage Association, and Federal Home Loan Mortgage Corporation. These investments are 6.82%, 8.45%, and 5.52%, respectively, of the County's total investments.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The County does not have a written investment policy on interest rate risk. The County's investments in the Pension Trust Fund subject to interest rate risk at December 31, 2022 are as follows:

Investment Type	Fair Value	Remaining Maturities (Years)						
		0-5	6-10	11-15	16-20	21-25	26-30	over 30

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The County does not have a written investment policy on foreign currency risk. At December 31, 2022, \$1,145,288 of the County's Pension Trust Fund investments were held in international equity mutual funds.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Note 5 – Property and Per Capita Taxes

Real Estate Property Taxes

Real estate property taxes attach as an enforceable lien on property on January first. The County Assessment Office calculates the yearly and semiannual tax levies and distributes the individual tax duplicates to the County's twelve elected tax collectors. The tax collectors are responsible for tax collections. The yearly tax and first semiannual interim tax levies are billed on or about March 1, with a 2% discount through April 30; face amount due from May 1 through June 30; and 10% penalty added after July 1.

The second semiannual interim tax levy is billed on or about July 1, with a 2% discount through August 31; face amount due from September 1 through October 31; and 10% penalty added after November 1. The County is permitted by law to levy taxes up to the rate of twenty-five mills on every dollar of assessed value of real property for general County purposes. The rate of taxation for payment of interest and principal on indebtedness of the County is unlimited. Assessed value is 50% of market value. The County's total net assessed value for 2022 was \$524,795,184. For 2022, the County real estate taxes for general and debt purposes were levied at the millage rates of 15.40 and 0.75, respectively, on every dollar of the County's total net assessed value.

Per Capita Taxes

Per capita taxes are collected at various times during the year by the County tax collectors. The tax is in the amount of \$5.00 per taxpayer. There are various income and age provisions that determine individual tax liability.

Tax Abatements

As of December 31, 2022, the County provides tax abatements through two programs – the Local Economic Revitalization Tax Assistance (LERTA) and Keystone Opportunity Zone (KOZ). The property taxes are abated through a reduction of assessed value.

Note 5 – Property and Per Capita Taxes (Continued)

Tax Abatements (Continued)

The LERTA program provides tax abatements for improvements to business property located in a deteriorated area. The local tax authority established an exemption schedule not to exceed 5 years and shall specify the portion of improvements to be exempted each year. Savings will be realized on a sliding scale beginning with 100% exempt for the first 2 years, 75% exempt for year 3, 50% exempt for year 4, and 0% exempt for year 5. The total property taxes abated under the LERTA program for the year ended December 31, 2022 was \$6,088.

The KOZ program provides state and local tax abatement to business and residents locating in one of 12 designated zones in Pennsylvania. The program was established by the Pennsylvania Department of Community and Economic Development to revive economically distressed urban and rural communities. The KOZ exemption is 100% of the assessed value not to exceed 10 years. The total property taxes abated under the KOZ program for the year ended December 31, 2022 was \$65,472.

Note 9 – Employees' Retirement System

Plan Description

The Elk County Employees' Retirement System is a single-employer defined benefit pension plan that covers all employees of the County. The plan is administered by the five-member Elk County Employees' Retirement Board.

Plan Membership

Membership of the plan for the 2022 measurement period consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	99
Inactive plan members entitled to but not yet receiving benefits	15
Active plan members	<u>152</u>
Total Membership	<u>266</u>

Benefits Provided

The Plan provides retirement, disability, and death benefits to plan members and their beneficiaries pursuant to Act 96 of 1971, as amended, of the Commonwealth of Pennsylvania. Retirement benefits for plan members are calculated as a percent of the member's highest 3-year average salary times the member's years of service depending on class basis. Plan members with 20 years of service are eligible to retire at age 55. Plan members that have attained age 60 are eligible to retire. All plan members are eligible for disability benefits after 5 years of service if disabled while in service and unable to continue as a County employee. Disability retirement benefits are equal to 25% of highest average salary at the time of retirement. Death benefits for a member who dies with 10 years of service prior to retirement is the total present value of member's retirement paid in a lump sum. A plan member who leaves County service with less than 5 years of service may withdraw his or her contributions, plus any accumulated interest.

Note 9 – Employees' Retirement System (Continued)

Benefits Provided (Continued)

On an ad hoc basis, cost-of-living adjustments to each member's retirement allowance shall be reviewed at least once in every three years subsequent to the member's retirement date. The adjustment, should the County elect to give one, is the Consumer Price Index for All Urban Consumers (CPI-U) for the Pennsylvania, New Jersey, Delaware, and Maryland area for the 12-month period ending August 31.

Contributions

An actuarially determined contribution is recommended by the plan actuary. The actuarially determined rate is the estimated amount necessary to finance costs of benefits earned by plan members during the year, with an additional amount to finance an unfunded accrued liability. For the 2022 measurement period, the active member contribution rate was 7% of annual pay, and the County average contribution rate was 8.73% of annual payroll.

Investments

Commonwealth of Pennsylvania statutes provide for the investment of moneys into certain authorized investment types, including United States Treasury bills, short-term obligations of the United States Government or its agencies or instrumentalities, obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, obligations of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, obligations of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision, insured or collateralized time deposits and certificates of deposit, corporate stocks and bonds, real estate, and other investments consistent with sound business practice.

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Retirement Board by a majority vote of its members. It is the policy of the board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The following was the Retirement Board's asset allocation policy for the 2022 measurement period:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic Equity	45%-75%
International Equity	Included in above
Fixed Income	25%-55%

Note 9 – Employees' Retirement System (Continued)

Investments (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation for the 2022 measurement period are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	5.4%-6.4%
International Equity	5.5%-6.5%
Fixed Income	1.3%-3.3%
Real Estate/Alternative	4.5%-5.5%
Cash	0.0%-1.0%

Rate of Return

For the 2022 measurement period, the annual money-weighted rate of return on plan investments, net of pension plan investment expense, was (11.48%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability

The components of the net pension liability of the County for the 2022 measurement period were as follows:

Total pension liability	\$ 31,207,801
Plan fiduciary net position	<u>24,828,635</u>
Net pension liability	<u>\$ 6,379,166</u>
Plan fiduciary net position as a percentage of the total pension liability	79.56%

Balances as of December 31, 2022	\$ 31,207,801	\$ 24,828,635	\$ 6,379,166

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (i.e. no depletion date is projected to occur).

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County, calculated using the discount rate of 7.25%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25 percent) or 1-percentage point higher (8.25%) than the current rate:

	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation for the 2022 measurement period at January 1 and rolled-forward to December 31 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary increases	3.5%, average, including inflation
Investment rate of return	7.25%, net of plan investment expense, including inflation

Mortality rates were based on the PubG-2010 Mortality Table for males and females with generational mortality improvement using MP19.

The actuarial assumptions used in the valuation for the 2022 measurement period were based on past experience under the plan and reasonable future expectations which represent the best estimate of anticipated experience under the plan. An actuarial experience study was performed during 2016; however, no modifications to assumptions were made as a result. No ad hoc postemployment benefit changes were included in future liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the 2022 measurement period, the County recognized pension expense of \$1,566,043 and reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 638,131	\$ 20,509

Payable to the Pension Plan

For the 2022 measurement period, the County had no outstanding amount of contributions to the pension plan required for the year ended December 31, 2022.

COUNTY OF ELK, PENNSYLVANIA
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2022

Note 10 – Commitments

The County entered into an Inter-County Communications Agreement with the County of Cameron, Pennsylvania. In accordance with the agreement, the County of Elk will make available its emergency communications equipment and personnel on a shared basis as may be necessary for the receipt of 911 calls and the dispatch of emergency services within the County of Cameron for an annual fee. The agreement is amended periodically to establish the annual fee and continues in force until termination by either party through written notice. During 2017, the agreement was amended establishing annual fees to be paid to the County of Elk for 2018, 2019, 2020, 2021, and 2022 at \$73,411, \$75,613, \$77,881, \$80,218, and \$82,625, respectively. During 2022, the agreement was amended establishing annual fees to be paid to the County of Elk for 2023, 2024, 2025, 2026, and 2027 at \$85,103, \$87,657, \$90,286, \$92,995, and \$95,785, respectively.

Note 11 – Opioid Settlement

The County is part of a class action opioid settlement with the Commonwealth of Pennsylvania where the County will receive a projected total settlement of \$1,168,624 to be used for various opioid remediation activities. The County received the first payment in 2022 totaling \$47,809 and will receive annual payments over the next 18 years. The accounts receivable balance at December 31, 2022 was \$1,120,815 at the fund level and was recognized as revenue in the governmental activities.

Note 12 – Grants

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the County believes such disallowances, if any, will be immaterial.

Note 13 – Prior Period Adjustment

Prior period adjustments related to corrections in revenue and expense items were required for the year ended December 31, 2022 and resulted in an increase in beginning governmental fund balances and beginning net position of \$7,024.

Note 14 – Subsequent Events

Subsequent events were evaluated through February 29, 2024, which is the date the financial statements were available to be issued.

COUNTY OF ELK, PENNSYLVANIA

NOTES TO BUDGETARY COMPARISON SCHEDULES

December 31, 2022

Note 1 – Budgetary Information

The County has adopted the following procedures in establishing the budgetary data reflected in the basic financial statements:

- (1) County department heads are required to submit to the County Commissioners preliminary operating budgets for the fiscal year commencing the following January 1. The operating budgets submitted include proposed expenditures and the means of financing them, as well as narrative justification for increases of operating expenditures.
- (2) Budgets, as submitted, are subject to a detailed review by the County Commissioners.
- (3) As required by the County Code, the proposed budget is made available for public inspection for at least twenty days prior to the date of adoption. Adoption is required by December 31. Subsequent to the budget approval, the Commissioners adopt the appropriation measures required to put the budget into effect and fix the rate of taxation.
- (4) Within 15 days subsequent to the legal adoption of the budget, the Commissioners file a copy of the budget with the Department of Community and Economic Development of the Commonwealth of Pennsylvania. Should supplemental budget appropriations be required, the Commissioners may authorize the transfer of funds between line items by means of approved budget changes.
- (5) Budgeting control is at the individual fund level. Expenditures may not legally exceed budgeted appropriations at this level.
- (6) Annual budgets are adopted for the General Fund, certain Special Revenue Funds, and the Debt Service Fund.
- (7) The County Commissioners may at any time, by resolution, make supplemental appropriations for any lawful purpose from any funds on hand or estimated to be received within the fiscal year and not otherwise appropriated, including the proceeds of any borrowing. The Commissioners may authorize the transfer of any balance of any appropriated item or any portion thereof.

Note 2 – Other Information

GASB Statement No. 34 requires a budgetary comparison schedule to be presented for the General Fund and for each major special revenue fund that has a legally adopted annual budget. The County did not adopt a budget for the Children and Youth Programs Fund, the COVID-ARPA Grant Fund, ERAP Grant Fund, and the Opioid Settlement Fund which are major special revenue funds, and, therefore, presentation of budgetary comparison information is not required.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

December 31, 2022

Note 1 – Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of the County of Elk, Pennsylvania under programs of the federal government for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County of Elk, Pennsylvania, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County of Elk, Pennsylvania.

Note 2 – Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 – Indirect Cost Rate

The County of Elk, Pennsylvania has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4 – Other Information

The following details the adjustments of (accrued) deferred balances at January 1, 2022 for prior period grant activity classification:

<u>Program Title</u>	<u>Federal Assistance Listing Number</u>	<u>Increase (Decrease)</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commissioners
County of Elk, Pennsylvania
Ridgway, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the primary government financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of Elk, Pennsylvania, as of and for the year ended December 31, 2022, and the related notes to the primary government financial statements, which collectively comprise the County of Elk, Pennsylvania's basic primary government financial statements and have issued our report thereon dated February 29, 2024. The report on governmental activities was qualified because buildings and improvements and equipment acquired prior to January 1, 2003, are stated at appraisal value and the governmental activities do not include land, landscaping, electronic data processing equipment and software, fine art and museum items, radio communications equipment, and vehicles acquired prior to January 1, 2003. The report on the aggregate remaining fund information was qualified because of the effects of omitting blended component units. The report on aggregate discretely presented component units was adverse because the primary government financial statements do not include financial data for the County's legally separate component units.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the primary government financial statements, we considered the County of Elk, Pennsylvania's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the primary government financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Elk, Pennsylvania's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Elk, Pennsylvania's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Elk, Pennsylvania's primary government financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the primary government financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County of Elk, Pennsylvania's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County of Elk, Pennsylvania's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The County of Elk, Pennsylvania's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE
UNIFORM GUIDANCE**

To the County Commissioners
County of Elk, Pennsylvania
Ridgway, Pennsylvania

**Report on Compliance for Each Major Federal and Pennsylvania Department of Human
Services Program**

***Opinion on Each Major Federal and Pennsylvania Department of Human Services
Program***

We have audited the County of Elk, Pennsylvania's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County of Elk, Pennsylvania's major federal programs for the year ended December 31, 2022. We have also audited the County of Elk, Pennsylvania's compliance with the types of compliance requirements described in the *Pennsylvania Department of Human Services Single Audit Supplement* that could have a direct and material effect on each of the County of Elk, Pennsylvania's major Pennsylvania Department of Human Services (PADHS) programs for the year ended December 31, 2022. The County of Elk, Pennsylvania's major federal and PADHS programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County of Elk, Pennsylvania complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

In our opinion, the County of Elk, Pennsylvania complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major PADHS programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal and Pennsylvania Department of Human
Services Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County of Elk, Pennsylvania and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and PADHS program. Our audit does not provide a legal determination of the County of Elk, Pennsylvania's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County of Elk, Pennsylvania's federal and PADHS programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County of Elk, Pennsylvania's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County of Elk, Pennsylvania's compliance with the requirements of each major federal and PA DHS programs as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County of Elk, Pennsylvania's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County of Elk, Pennsylvania's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County of Elk, Pennsylvania's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended December 31, 2022

SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses a qualified opinion on the governmental activities and the aggregate remaining fund information and an unmodified opinion on each major fund for the primary government financial statements of the County of Elk, Pennsylvania. The auditor's report expresses an adverse opinion on the aggregate discretely presented component units because the primary government financial statements do not include financial data for the County's legally separate component units.
2. One material weakness related to the audit of the primary government financial statements is reported in the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the primary government financial statements of the County of Elk, Pennsylvania were disclosed during the audit.
4. No significant deficiencies or material weaknesses in internal control over major federal or Pennsylvania Department of Human Services (PADHS) award programs are reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal and PADHS award programs for the County of Elk, Pennsylvania expresses unmodified opinions on all major federal and PADHS programs.
6. No audit findings that are required to be reported in accordance with 2 CFR Section 200.516 (a) are reported in this Schedule.
7. The programs tested as major federal programs were:

<u>Program Title</u>	<u>FAL Number</u>
Coronavirus Relief Fund	21.019
Emergency Rental Assistance Program	21.023

8. The program tested as a major Pennsylvania Department of Human Services program was:
County Children and Youth Programs
9. The threshold for distinguishing Types A and B programs was \$750,000.
10. The County of Elk, Pennsylvania was determined not to be a low-risk auditee.

COUNTY OF ELK, PENNSYLVANIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended December 31, 2022

FINDINGS – FINANCIAL STATEMENT AUDIT

MATERIAL WEAKNESS – INTERNAL CONTROL OVER FINANCIAL REPORTING

2022-001: Financial Reporting Duties of the County

Statement of Condition

The personnel responsible for the accounting and reporting functions of the County, who have the level of knowledge and experience to review, approve, and accept responsibility for the financial statements, do not currently possess an appropriate level of technical knowledge and experience of generally accepted accounting principles and Governmental Accounting Standards Board's pronouncements to prepare the financial statements in accordance with the reporting requirements of those principles and pronouncements.

Criteria

Internal control over financial reporting includes controls over financial statement preparation, which would prevent or detect a misstatement in the financial statements, including note disclosures.

Effect of Condition

This condition increases the risk of possible misstatements in the financial statements.

Recommendation

An ideal internal control system over financial reporting would include an individual within an organization that would have technical knowledge and experience of the reporting requirements of generally accepted accounting principles and the Governmental Accounting Standards Board.

Response

The County Commissioners and management are aware of the existence of the material weakness and agree that an ideal internal control system over financial reporting would include an individual described in the recommendation, which would reduce the risk of possible misstatements in the financial statements. The personnel responsible for the accounting and reporting functions of the County currently possess suitable skill, knowledge, and experience to perform the daily accounting functions of the County. Therefore, the County Commissioners and management have made a conscious decision to accept the degree of risk resulting from the material weakness, as the benefit of the reduced risk does not justify the additional costs necessary to reduce this risk.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES TO THE FINANCIAL SCHEDULES AND EXHIBITS REQUIRED BY THE COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF HUMAN SERVICES

To the County Commissioners
County of Elk, Pennsylvania
Ridgway, Pennsylvania

We have performed the procedures enumerated below on the financial schedules and exhibits of the County of Elk, Pennsylvania required by the Commonwealth of Pennsylvania, Department of Human Services (DHS) *Single Audit Supplement* as of and for the years ended June 30, 2022 and December 31, 2022. The County of Elk, Pennsylvania's management is responsible for the financial schedules and exhibits required by the DHS *Single Audit Supplement*.

DHS and the County of Elk, Pennsylvania have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting users in understanding the financial schedules and exhibits for years ended June 30, 2022 and December 31, 2022. This report may not be suitable for any other purpose. The procedures performed may not address all items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

- a. We have verified by comparison of the amounts and classifications that the supplemental financial schedules listed below, which summarize amounts reported to DHS for the year ended June 30, 2022, have been accurately compiled and reflect the audited books and records of the County of Elk, Pennsylvania. We have also verified by comparison to the example schedules that these schedules are presented, at a minimum, at the level of detail and in the format required by the DHS *Single Audit Supplement* pertaining to this period.

<u>Program Name</u>	<u>Number</u>	<u>Referenced Schedule/Exhibit</u>
Child Support Enforcement Program	A-1 (a)	Comparison of Single Audit Expenditures with Reported Expenditures
Child Support Enforcement Program	A-1 (c)	Comparison of Reported Incentives to Incentives on Deposit
Child Support Enforcement Program	A-1 (d)	Comparison of Single Audit Title IV-D Account with Reported Title IV-D Account
Medical Assistance Transportation Program	III	Revenues and Expenditures
Combined Homeless Assistance Program	XIX (a) NBG	Revenues and Expenditures

- b. We have inquired of management regarding adjustments to reported revenues or expenditures, which were not reflected on the reports submitted to DHS for the period in question.

- c. With regard to Exhibit XX Reconciliation – Federal Awards Passed Through the Pennsylvania Department of Human Services Expenditures Per the SEFA to Revenue Received Per the Pennsylvania Audit Confirmation Reply (the reconciliation schedule), we have performed the following procedures:
- We have agreed the expenditure amounts listed on the reconciliation schedule under the "Federal Expenditures per the SEFA" column C to the audited Schedule of Expenditures of Federal Awards (SEFA).
 - We have agreed the receipt amounts listed on the reconciliation schedule under the "Federal Awards Received per the audit confirmation reply from Pennsylvania" column D to the subrecipient Federal amounts that were reflected in the audit confirmation reply from the Office of Budget, Comptroller Operation.
 - We have recalculated the amounts listed under the "Difference" column E and the "% Difference" column F.
 - We have agreed the amounts listed under the "Difference" column E to the audited books and records of the entity.
 - We have agreed the "Detailed Explanation of the Differences" to the audited books and records of the entity.
- d. With regard to Exhibit XXI County Children and Youth Agency Child Protective Services (CPSL) Monitoring of In-Home Purchased Service Providers, we have performed the following procedures:
- We have reconciled the list of providers under "Provider Name" column A to the providers who were paid for In-Home Purchased Services during the year according to the County Children and Youth Agency's (CCYA) general ledger, cash disbursements journal, or similar record. If applicable, we noted any providers who were paid during the year, but were not included on this schedule.
 - We have agreed the response in column B to the appropriate provider contract.
 - We have agreed the information in columns C through I to the CCYA's monitoring records for In-Home Purchased Service Providers.

The procedures detailed in paragraphs a. through d. above disclosed no adjustments or findings which have not been reflected on the corresponding schedules.

We were engaged by the County of Elk, Pennsylvania to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the financial schedules and exhibits required by the DHS *Single Audit Supplement*. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the County of Elk, Pennsylvania and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Commonwealth of Pennsylvania, Department of Human Services and the County of Elk, Pennsylvania and is not intended to be, and should not be, used by anyone other than the specified parties.

A schedule of revenues and expenditures and carryover funds for the Mental Health/Mental Retardation Program is not presented as the County of Elk, Pennsylvania participates in a joinder operation with the County of Cameron, Pennsylvania, which joinder is not considered part of the County of Elk, Pennsylvania's reporting entity.

CORRECTIVE ACTION PLAN

February 29, 2024

U.S. Department of Health and Human Services

The County of Elk, Pennsylvania respectfully submits the following corrective action plan for the year ended December 31, 2022.

Name and address of independent public accounting firm: Sharkey Piccirillo & Keen, LLP, 991 Beaver Drive, DuBois, PA 15801

Audit period: The year ended December 31, 2022

The findings from the December 31, 2022 schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS – FINANCIAL STATEMENT AUDIT

MATERIAL WEAKNESS

2022-001: Financial Reporting Duties of the County

Recommendation: An ideal internal control system over financial reporting would include an individual within an organization that would have technical knowledge and experience of the reporting requirements of generally accepted accounting principles and the Governmental Accounting Standards Board.

Action Taken: The County Commissioners and management are aware of the existence of the material weakness and agree that an ideal internal control system over financial reporting would include an individual described in the recommendation, which would reduce the risk of possible misstatements in the financial statements. The personnel responsible for the accounting and reporting functions of the County currently possess suitable skill, knowledge, and experience to perform the daily accounting functions of the County. Therefore, the County Commissioners and management have made a conscious decision to accept the degree of risk resulting from the material weakness, as the benefit of the reduced risk does not justify the additional costs necessary to reduce this risk.

If the U.S. Department of Health and Human Services has questions regarding this plan, please call the Commissioner's office at (814) 776-1161.

Sincerely yours,

County Commissioner Chairperson
