

The Elk County Planning Department, on behalf of the Elk County Board of Commissioners, is now accepting proposals for the 2026 Community Development Block Grant (CDBG) Program. Funding is received through the Department of Community and Economic Development (DCED) and requires that at least 70% of the allocation be used to benefit Section 8 Low/Moderate Income (LMI) persons. If your organization is interested in submitting a request, please get in touch with Becki Taylor, CDBG Coordinator, at (814) 776-5335 for more information.
